Paine's Celery ... Compound

Saved Me from the Insane Hospital as Well as Cured My Rheumatism.

There never was a remedy so highly recommended as Paine's Celery Compound. There never was a remedy in such universal demand. It is popular and prized in tens of thousands of homes, because it makes sick

people well. Paine's Celery Compound has saved thousands from nervous prostration and collapse; it has effected wonderful cures in kidney and liver complaints; its victories over rheumatism and neuralgia have commanded the attention and admiration of our best physicians. It has cured disease when everything else has failed.

Mrs. Nathan Beals, a well-known lady of Gallup's Mills, Vt., writes as follows:-"For ten months before I commenced taking Paine's Celery Compound I could not put my foot on the first round of my chair, only five inches from the floor. I had nearly lost the use of my left side, and I could not lift a pound weight with the left hand without danger of dropping it. Many times I would lift something at the table, only to drop it. I had a pressure in the top of my head and a pain at the base of the brain, which would leave me so nervous that I used to tell my husband I would surely go crazy. I could not keep still at light, and Sundays were just awful to me. found my whole system prostrated, and had reached first on an error and Matthews it took a long time to build up my poor, wornout nerves. I think that Paine's Celery Compound saved me from the Insane Hospital, as well as cured my rheumatism."
